

Small Acreage Horticultural Crops Webinar Series

Ever thought of going in to business growing grapes, peaches, tomatoes, watermelons, pecans or other horticultural crops?

The Texas A&M AgriLife Extension Service – Smith County, invites you to participate in 6 online seminars, addressing the following topics for the small-acreage producer or homeowner. Registration \$20 for the series or \$10 per individual session.

<p>Aquaponics: Principles and Practices February 20, 2014 9 am – Noon</p> 	<p>Composting for the Small Acreage Producer April 24, 2014 9 am – Noon</p> 	<p>Grafting Vegetables: Principles and Practices June 19, 2014 9 am – Noon</p> 
<p>Practical Weed Control August 21, 2014 9 am – Noon</p>  <p style="font-size: small; text-align: center;">Solarized Non-Solarized</p>	<p>Food Safety for the Small Acreage Producer October 16, 2014 9 am – Noon</p> 	<p>Business Planning December 11, 2014 9 am - Noon</p> 

The goal of the program is to assist producers in evaluating diversification strategies and income opportunities from the production of small acreage horticultural crops.

To get the best benefit, participants are encouraged to attend all 6 webinars presented by leading researchers and Extension Specialists at Texas A&M. Bring your questions, a Q/A session is scheduled at the end of each webinar.

Programs will be held at 1517 West Front Street, Suite 116, Tyler, Texas 75702.
