So are you interested in growing grapes either as a hobby or commercially in North, East, or South Texas? Not sure if viticulture is right for you? Sign up for the annual prospective growers workshop where you will have a full day of research based education that will prepare you for an adventure in viticulture. Lunch is provided. If you have a soil or water report bring it and you will be able to sit down with a viticulture specialist to evaluate the analysis.

Educational programs of the Texas A&M AgriLife Extension Service are open to all people without regard to race, color, religion, sex, national origin, age, disability, genetic information or veteran status. The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating.
