Weekly Summary

Compared to last week's market figures, both the feeder steers and heifer's price averages from 500 lbs and down ended fully \$3 to \$5 higher while the heavier classes price averages witnessed fully \$5 to \$7 higher. Slaughter cow figures remained firm while the slaughter bull figures weakened by \$4.

Recent freezing and wet weather has slowed down the movement of cattle forcing the packers to compete and up their money in order to secure inventory. The rains have also help relieve parts of the grazing country that were getting dry.
