Weekly Summary

Compared to last week's market, all front-end class averages of both feeder steers and heifers ended fully firm with some lower grades experiencing a \$2 to \$3 market pressure difference. The slaughter cow and bull demand continue to remain strong as the offerings continue to become lighter.

The fact that the beef cow inventory is at the lowest point in 73 years combined with both the domestic and foreign demand for beef products continues to show the feeder demand is exceptionally strong with prices remaining solid and a continuing bullish market.

COMMENTS

Showing all the love on Valentines Day with these prices. Overall, the market is still very strong on most classes of yearlings, we would see some of the plainer or extra thin cattle slip a few dollars. Packer cows and bulls steady to 2 dollars cheaper replacement cows are in extremely high demand. Next week we will have 80 tiger stripes and crossbred heifers A.I. to angus bulls. We appreciate everyone and look forward to working for you next week.

ATTENTION** Starting immediately all cattle must be weaned a MINIMUM of 45 days and bulls must be castrated in order to qualify as "weaned".
