Weekly Summary

Compared to last week's market, all weight class price averages on both feeder steers and heifers ended fully \$3 to \$5 higher. Slaughter cows and slaughter bull prices advanced fully \$7 on a light offering.

It appears the choice cut meats continue to rise in prices in turn forcing ground meat to gain ground in the consumers' protein budget. Continuing higher slaughter prices reinforce this theory. Also, the lack of marketing numbers and higher demand witnesses the weekly climbing of feeder prices. It appears each week the demand completely dominates the supply end.

NEXT WEEK WILL BE OUR MARCH WEANED CALF SALE

COMMENTS

Market higher again this week on all classes of cattle. Packer cows and bulls would be up to 15 dollars higher on heavy fleshed cattle! Replacement cows would be slightly cheaper as we would lack the volume of quality over last week. Depending on weight class, steer and heifer cattle would be 5-10 higher over last week. We appreciate everyone for allowing us to market your livestock! Look for updates for next weeks consignments, we should have several good young cows looking for a new home.

ATTENTION Starting immediately all cattle must be weaned a MINIMUM of 45 days and bulls must be castrated in order to qualify as "weaned".**
