**Weekly Summary**

Compared to last week's market, all weight class price averages on both feeder steers and heifers ended \$4 to \$7 higher. Slaughter cows and slaughter bulls today continued facing strong demand and easily finished \$3 stronger.

Improved demand at the meat counter continues to solidify the bullish attitude the feeders are showing in their aggressiveness. The short supply of available feeder calves also remains a driving factor in fueling these higher prices.

## COMMENTS

Willie Nelson ain't got a thing on this market! Steer cattle 5-10 higher, heifer cattle steady to 5 higher. Packer cows and bulls 3-5 higher. Pair cattle have a very strong demand, and your 5 & 6 month bred cattle might be a few dollars cheaper. Grazing cattle are still bringing a premium over your heavier feeders. Today also featured 2 loads of crossbred steers on the video that brought 2.58 @ 700lbs. Thank you! We appreciate everyone's business!

**ATTENTION\*\*** Starting immediately all cattle must be weaned a **MINIMUM** of 45 days and bulls must be castrated in order to qualify as "weaned".
