Weekly Summary

Compared to last week's market, all weight class price averages on both feeder steers and heifers ended uneven to \$4 lower. Slaughter cows and bulls however finished fully \$5 to \$7 higher than last week.

Today's market prices remained extremely strong with buyer aggression and activity still bullish. The Cattle on Feed Report from last Friday showed a heavier placement than the pre-report guesses which apparently had a minimal effect on the market. Small corrections are to be expected as we continue to move forward.

COMMENTS

Packer cows and bulls steady to a dollar higher. Your replacement cows still are still being met with open arms in every direction. Calf market mostly steady except on the very biggest feeder cattle battling a softer feeder board. We would see cases where the smallest grazers in the right condition would be a few dollars higher. Across the board, market demand still very good coming into grass season. Several very good tickets on 4 semi loads of video cattle. We appreciate everyone here on a Wednesday!

ATTENTION Starting immediately all cattle must be weaned a MINIMUM of 45 days and bulls must be castrated in order to qualify as "weaned".**

State of the current market:

Most classes 5-10 higher especially on the heifers. More interest across the board on our calf market today.

The weigh market continues to rise with a *1.56 bull topping the market. Cows even 5-10 higher on the slaughter numbers.

Thanks and see ya'll on the 9th.

Plainer cattle or cattle with pre-existing defects may fall below the price range
