Weekly Summary

Compared to last week's market, all class price averages of both feeder steers and heifers ended fully \$3 to \$8 higher. Both slaughter cows and bulls also showed uneven but were within \$2 of last week's figures.

The board continues to post healthy gains and with last Friday's USDA Cattle on Feed's bullish report, the market bulls are once again taking the front row seats with aggressiveness and stronger feeder prices. Both the domestic and foreign beef demand remains strong also.

COMMENTS

Today was a whirlwind of a market. Your very best front-end yearlings would be 10-20 higher in places but the plainer or thin cattle would be steady to 5 cheaper. Very good demand for properly weaned quality steers and heifers in the 450-650 lbs. range. Pair cattle would be a little cheaper than the last few weeks but your young short bred cows would be 200/hd higher. We appreciate everyone and will see y'all next Wednesday! *NEXT WEEK* 74 head of running age cows!

****ATTENTION**** Starting immediately all cattle must be weaned a MINIMUM of 45 days and bulls must be castrated in order to qualify as "weaned".
