Weekly Summary

Compared to last week's market, all feeder steers and heifers weight class averages ended from \$8 to \$12 higher with certain class instances up to \$15 higher. The slaughter cows strengthened about \$4 but the slaughter bull figures remained firm.

Last Friday's Cattle on Feed Report was extremely bullish as the feedlot placement figures was much lower than the original projections which in turn fueled the markets dollars upwards. Today's feeder quality offering was good straight through, and the buying competition gave witness to this as the buyers raised their figures to secure more inventory.

COMMENTS

100 degree temperatures and 100 degree market. All calves and yearlings higher again and a smoky cow alley with a very nice set of 3 & 4 year old replacement cows. As long as we can keep the wheels on this train it should be a great fall. We appreciate everyone and see yall next week!
